

Key Features

ZigBee Interface: Support for IEEE 802.15.4, ZigBee HA1.2, 2.4Ghz

Integrated antenna for peak performance

5 year limited warranty, 35,000 hr life

ANSI Standard Form Factor

SSLPlastics™ design

Electrical Specifications

Input Voltage: 12VAC, 50/60Hz

Input Power: 5.5-6.5W

Environmental Specifications

Ambient Operating Temperature: -20°C to 50°C (4°F to 122°F)

0% to 90% humidity, noncondensing

Product Lineup

TSR Part #	Halogen Equivalent	Power	CRI	Beam Angle	CCT
